LEATHER PRODUCTS DEVELOPMENT TECHNICIAN

ASSESSMENT PACKAGE
National Vocational Certificate Level 4

Version 1 - April, 2019

Title of Qualification: National Vocational Certificate Level 3 in Leather Products Development Technician (Pattern Maker)	CS Code:	Level: 03	Version:
Competency Standard Title: Design Leather Products using Drawing Software	Assessment Date (DD/MM/YY):		

Candidate Details	Name: Registration/Roll Number:
Guidance for Candidate	<p>To meet this standard, you are required to complete the following within the given time frame (for practical demonstration & assessment):</p> <ol style="list-style-type: none"> Assessment Task 1: Design Leather product using Photo editing software Assessment Task 2: Design Leather product using graphic designing software <p>And complete:</p> <ol style="list-style-type: none"> Knowledge assessment test (Written or Oral) Portfolios at the time of assessment (if any)
Minimum Evidence Required	<p>During a practical assessment, under observation by an assessor, you will complete:</p> <p>Assessment Task 1</p> <p>Performance Criteria 1: Develop research board Performance Criteria 2: Develop mood board Performance Criteria 3: Trace leather product according to the product image Performance Criteria 4: Render the sketch according to research board Performance Criteria 5: Develop layout for technical drawing of leather product Performance Criteria 6: Create technical drawings of leather product Performance Criteria 7: Create technical drawings of leather product Performance Criteria 8: Save and print the drawing file</p>
	<p>Assessment Task 2</p> <p>Performance Criteria 1: Create the basic block of leather product Performance Criteria 2: Give basic block a shape of the leather product Performance Criteria 3: Draw the required designs for accessories/ embroidery/ screen printing/ sublimation on the leather product Performance Criteria 4: Render the leather product according to the design requirement Performance Criteria 5: Develop layout for technical drawing of leather product Performance Criteria 6: Create technical drawings of leather product Performance Criteria 7: Save and print the drawing file</p>
	<p>Portfolios required at the time of assessment (if any) for</p> <p>Performance criteria 1 for the evaluation of portfolio: Diary log of work completed in designing leather products using Photo editing software Performance criteria 2 for the evaluation of portfolio: Diary log of work completed in designing leather products using Graphic designing software</p>

Assessors Judgment Guide (to be completed by the Assessor and signed both by the assessor and the candidate after the assessment)

Candidate Details	Name: Registration/Roll Number: Candidate Signature:
Assessment Outcome	COMPETENT <input type="checkbox"/> NOT YET COMPETENT <input type="checkbox"/> Name of the Assessor: Assessor's code: Signature of the Assessor:

Assessment Summary (to be filled by the assessor)							
Activity	Method					Result	
	Written	Oral	Observation	Portfolio	Role Play	Competent	Not Yet Competent
Nature of Activity							
Practical Skill Demonstration			✓				
Knowledge Assessment	✓	✓					
Other Requirement				✓			
Each Assessment Task (with performance criteria)							
Assessment Task 1			Description of assessment task 1 Design Leather product in Photo editing software				
During the practical assessment, candidate demonstrated the following:					Yes	No	Remarks
1	Performance Criteria 1: Develop research board						
2	Performance Criteria 2: Develop mood board						
3	Performance Criteria 3: Trace leather product according to the product image						
4	Performance Criteria 4: Render the sketch according to research board						
5	Performance Criteria 5: Develop layout for technical drawing of leather product						
6	Performance Criteria 6: Create technical drawings of leather product						
7	Performance Criteria 7: Create technical drawings of leather product						
8	Performance Criteria 8: Save and print the drawing file						
Competent <input type="checkbox"/>			Not Yet Competent <input type="checkbox"/>				

Assessment Task 2		Description of assessment task 2 Create Leather product using graphic designing software		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Performance Criteria 1: Create the basic block of leather product			
2	Performance Criteria 2: Give basic block a shape of the leather product			
3	Performance Criteria 3: Draw the required designs for accessories/ embroidery/ screen printing/ sublimation on the leather product			
4	Performance Criteria 4: Render the leather product according to the design requirement			
5	Performance Criteria 5: Develop layout for technical drawing of leather product			
6	Performance Criteria 6: Create technical drawings of leather product			
7	Performance Criteria 7: Save and print the drawing file			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Portfolio (if any)		Description of portfolio Diary log of completed work		
Current <input type="checkbox"/>		Sufficient <input type="checkbox"/>		Authentic <input type="checkbox"/>
		Valid <input type="checkbox"/>		Reliable <input type="checkbox"/>
Portfolio meet the following performance standards:		Yes	No	Remarks
1	Performance criteria 1: Diary log of work completed in designing leather products using Photo editing software			
2	Performance criteria 2: Diary log of work completed in designing leather products using Graphic designing software			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Title of Qualification: National Vocational Certificate Level 4 in Leather Products Development Technician (Computerized Pattern Designer)	CS Code:	Level: 04	Version:
Competency Standard Title: Develop pattern for leather products using CAD/CAM	Assessment Date (DD/MM/YY):		

Candidate Details	Name: Registration/Roll Number:
Guidance for Candidate	<p>To meet this standard, you are required to complete the following within the given time frame (for practical demonstration & assessment):</p> <ol style="list-style-type: none"> 5. Assessment Task 1: Create a base pattern in CAD/CAM software 6. Assessment Task 2: Create design and cutting pattern in CAD/CAM software 7. Assessment Task 3: Perform Standard Grading in CAD/CAM software 8. Assessment Task 4: Make the marker and plotting <p>And complete:</p> <ol style="list-style-type: none"> 9. Knowledge assessment test (Written or Oral) 10. Portfolios at the time of assessment (if any)
Minimum Evidence Required	<p>During a practical assessment, under observation by an assessor, you will complete:</p> <p>Assessment Task 1</p> <p>Performance Criteria 1: Draft blocks for various patterns considering required measurements in CAD software</p> <p>Performance Criteria 2: Create all the necessary points on the block covering all required clearances</p> <p>Performance Criteria 3: Create required shape of the product for base pattern</p> <p>Performance Criteria 4: Control the drawn pattern according to the measurement chart</p> <p>Performance Criteria 5: Mark dart points and dart according to product fitting requirement</p> <p>Performance Criteria 6: Separate base pattern from the block</p> <hr/> <p>Assessment Task 2</p> <p>Performance Criteria 1: Create design pattern according to the product requirement on the base pattern</p> <p>Performance Criteria 2: Control the drawn pattern according to the design and control the matching of the pattern pieces</p> <p>Performance Criteria 3: Create cutting pattern by adding seam allowances, drill, marks, notches, grain line and nomenclature to the design pattern</p> <p>Performance Criteria 4: Create lining pattern by adding seam allowances, drill, marks, notches, grain line and nomenclature to the design pattern</p> <p>Performance Criteria 5: Draw fusing pattern according to product requirement, add grain line and nomenclature</p> <hr/> <p>Assessment Task 3</p> <p>Performance Criteria 1: Set various grading angles on required pattern</p> <p>Performance Criteria 2: Grade the pattern according to the size chart or grading rule</p> <p>Performance Criteria 3: Control the grading according to the measurement chart and control the matching of the pattern pieces</p> <p>Performance Criteria 4: Separate the graded pattern from the prepared pattern</p>

	<p>Assessment Task 4</p> <p>Performance Criteria 1: Transfer the required pattern for marker making in CAD software</p> <p>Performance Criteria 2: Set the required fabric width</p> <p>Performance Criteria 3: Mark the pattern according to the required sizes and calculated quantity</p> <p>Performance Criteria 4: Prepare markers by respecting cutting standards (grain lines) according to the design (matching of garment pieces)</p> <p>Performance Criteria 5: Compare auto and manual marker to maximize efficiency by minimizing the material waste</p> <p>Performance Criteria 6: Create a PLT/DXF/AMMA/pdf file and print the pattern</p>
	<p>Portfolios required at the time of assessment (if any) for</p> <p>Performance criteria 1 for the evaluation of portfolio: Diary log of work completed on developing pattern for leather products using Cad/Cam</p>

Assessors Judgment Guide (to be completed by the Assessor and signed both by the assessor and the candidate after the assessment)

Candidate Details	Name: Registration/Roll Number: Candidate Signature:.....
Assessment Outcome	COMPETENT <input type="checkbox"/> NOT YET COMPETENT <input type="checkbox"/> Name of the Assessor: Assessor's code: Signature of the Assessor:

Assessment Summary (to be filled by the assessor)							
Activity	Method					Result	
Nature of Activity	Written	Oral	Observation	Portfolio	Role Play	Competent	Not Yet Competent
Practical Skill Demonstration			✓				
Knowledge Assessment	✓	✓					
Other Requirement				✓			
Each Assessment Task (with performance criteria)							
Assessment Task 1			Description of assessment task 1 Create a base pattern in CAD/CAM software				
During the practical assessment, candidate demonstrated the following:					Yes	No	Remarks
1	Performance criteria 1: Draft blocks for various patterns considering required measurements in CAD software						
2	Performance criteria 2: Create all the necessary points on the block covering all required clearances						
3	Performance criteria 3: Create required shape of the product for base pattern						
4	Performance Criteria 4: Control the drawn pattern according to the measurement chart						
5	Performance Criteria 5: Mark dart points and dart according to product fitting requirement						
6	Performance Criteria 6: Separate base pattern from the block						
Competent <input type="checkbox"/>			Not Yet Competent <input type="checkbox"/>				

Assessment Task 2		Description of assessment task 2 Create design and cutting pattern in CAD/CAM		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Performance criteria 1: Create design pattern according to the product requirement on the base pattern			
2	Performance criteria 2: Control the drawn pattern according to the design and control the matching of the pattern pieces			
3	Performance criteria 3: Create cutting pattern by adding seam allowances, drill, marks, notches, grain line and nomenclature to the design pattern			
4	Performance Criteria 4: Create lining pattern by adding seam allowances, drill, marks, notches, grain line and nomenclature to the design pattern			
5	Performance Criteria 5: Draw fusing pattern according to product requirement, add grain line and nomenclature			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Assessment Task 3		Description of assessment task 3 Perform Standard Grading in CAD/CAM software		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Performance criteria 1: Set various grading angles on required pattern			
2	Performance criteria 2: Grade the pattern according to the size chart or grading rule			
3	Performance criteria 3: Control the grading according to the measurement chart and control the matching of the pattern pieces			
4	Performance Criteria 4: Separate the graded pattern from the prepared pattern			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Assessment Task 4		Description of assessment task 4 Make the marker and plotting		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Performance criteria 1: Transfer the required pattern for marker making in CAD software			
2	Performance criteria 2: Set the required fabric width			
3	Performance criteria 3: Mark the pattern according to the required sizes and calculated quantity			
4	Performance Criteria 4: Prepare markers by respecting cutting standards (grain lines) according to the design (matching of garment pieces)			
5	Performance Criteria 5: Compare auto and manual marker to maximize efficiency by minimizing the material waste			
6	Performance Criteria 6: Create a PLT/DXF/AMMA/pdf file and print the pattern			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Portfolio (if any)		Description of portfolio Diary log of completed work		
Current <input type="checkbox"/>		Sufficient <input type="checkbox"/>		Authentic <input type="checkbox"/>
		Valid <input type="checkbox"/>		Reliable <input type="checkbox"/>
Portfolio meet the following performance standards:		Yes	No	Remarks
1	Performance criteria 1: Diary log of work completed on developing pattern for leather products using CAD/CAM			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Title of Qualification: National Vocational Certificate Level 4 in Leather Products Development Technician (Computerized Pattern Designer)	CS Code:	Level: 04	Version: 01
Competency Standard Title: Monitor the duties and activities of a team	Assessment Date (DD/MM/YY):		

Candidate Details	Name: Registration/Roll Number:
Guidance for Candidate	<p>To meet this standard, you are required to complete the following within the given time frame (for practical demonstration & assessment):</p> <ol style="list-style-type: none"> 1. Assessment Task 1: Observe and check that professional standards are maintained throughout operations 2. Assessment Task 2: Check that operatives are present and manage absence issues for operational areas 3. Assessment Task 3: Support the head of department 4. Assessment Task 4: Supervise operatives in work areas <p>And complete:</p> <ol style="list-style-type: none"> 11. Knowledge assessment test (Written or Oral) 12. Portfolios at the time of assessment (if any)
Minimum Evidence Required	<p>During a practical assessment, under observation by an assessor, you will complete:</p> <p>Assessment Task 1 Learning Unit 1: Observe and check that professional standards are maintained throughout operations</p>
	<p>Assessment Task 2 Learning Unit 2: Check that operatives are present and manage absence issues for operational areas</p>
	<p>Assessment Task 3 Learning Unit 3: Support the head of department</p>
	<p>Assessment Task 4 Learning Unit 4: Supervise operatives in work areas</p>
	<p>Portfolios required at the time of assessment (if any) for Learning Unit 1 for the evaluation of portfolio Learning Unit 2 for the evaluation of portfolio Learning Unit 3 for the evaluation of portfolio Learning Unit 4 for the evaluation of portfolio</p>

Assessors Judgment Guide (to be completed by the Assessor and signed both by the assessor and the candidate after the assessment)

Candidate Details	Name: Registration/Roll Number: Candidate Signature:
Assessment Outcome	COMPETENT <input type="checkbox"/> NOT YET COMPETENT <input type="checkbox"/> Name of the Assessor: Assessor's code: Signature of the Assessor:

Assessment Summary (to be filled by the assessor)							
Activity	Method					Result	
	Written	Oral	Observation	Portfolio	Role Play	Competent	Not Yet Competent
Nature of Activity							
Practical Skill Demonstration			✓		✓		
Knowledge Assessment	✓	✓					
Other Requirement				✓			
Each Assessment Task (with Learning Unit)							
Assessment Task 1			Description of assessment task 1 Observe and check that professional standards are maintained throughout operations				
During the practical assessment, candidate demonstrated the following:					Yes	No	Remarks
1	Monitor the use of personal protective equipment and wear appropriate uniform throughout shift by associates						
2	Monitor the extent to which associates maintain a safe, hygienic and secure working environment						
3	Observe and check that associates work effectively as part of a team and communicate efficiently with each other throughout shift						
4	Ensure that associates attend briefing and be aware of daily requirements and other issues						
5	Monitor the extent to which associates check that all equipment is in good working order and check the quality and quantity of material and production						
Competent <input type="checkbox"/>			Not Yet Competent <input type="checkbox"/>				

Assessment Task 2		Description of assessment task 2 Check that operatives are present and manage absence issues for operational areas		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Check the work requirements for the day			
2	Check that the number of associates at work match both the duty rota and work requirements			
3	Adjust the duty rota according to requirements			
4	Tackle the absent associates with appropriate methods			
5	Take appropriate steps to motivate staff to avoid absenteeism			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Assessment Task 3		Description of assessment task 3 Support the head of department		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Discuss and agree on methods and formats of communication with the head of department			
2	Agree with the head of department daily and medium-term areas for delegated responsibilities			
3	Support the head of department in managing work area activities and responsibilities			
4	Ensure that every-day work area requirements of section are signed off by head of department			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Assessment Task 4		Description of assessment task 4 Supervise operatives in work areas		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Ensure that associates are punctual and efficient in carrying out their duties			
2	Communicate instructions and other information clearly to associates			
3	Motivate associates in a timely and efficient manner to complete all their duties			
4	Ensure that all staff are performing at the optimum level when carrying out work area duties			
5	Create a friendly, professional environment which inspires teamwork within work area			
6	Monitor the extent to which quality service is provided			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Portfolio (if any)		Description of portfolio			
Current <input type="checkbox"/>		Sufficient <input type="checkbox"/>	Authentic <input type="checkbox"/>	Valid <input type="checkbox"/>	Reliable <input type="checkbox"/>
Portfolio meet the following performance standards:		Yes	No	Remarks	
1	Observe and check that professional standards are maintained throughout operations				
2	Check that operatives are present and manage absence issues for operational areas				
3	Support the head of department				
4	Supervise operatives in work areas				
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>			

Title of Qualification: National Vocational Certificate Level 4 in Leather Products Development Technician (Computerized Pattern Designer)	CS Code: Duration: 05 Hours	Level: 04	Version:
Competency Standard Title: Develop pattern for leather products using CAD/CAM Monitor the duties and activities of a team	Assessment Date (DD/MM/YY):

	Written	Oral	Observation	Portfolio	Role Play	Competent	Not Yet Competent
Nature of Activity							
Practical Skill Demonstration			✓		✓		
Knowledge Assessment	✓	✓					
Other Requirement				✓			

Each Assessment Task (with performance criteria)				
Assessment Task 1		Description of assessment task 1		
		Create the cutting pattern of a leather garment or glove and perform grading and plotting in CAD/CAM software as instructed by the assessor		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Performance criteria 1: Draft blocks for various patterns considering required measurements in CAD software			
2	Performance criteria 2: Create all the necessary points on the block covering all required clearances			
3	Performance criteria 3: Create required shape of the product for base pattern			
4	Performance Criteria 4: Control the drawn pattern according to the measurement chart			
5	Performance Criteria 5: Mark dart points and dart according to product fitting requirement			
6	Performance Criteria 6: Separate base pattern from the block			
7	Performance criteria 7: Create design pattern according to the product requirement on the base pattern			
8	Performance criteria 8: Control the drawn pattern according to the design and control the matching of the pattern pieces			
9	Performance criteria 9: Create cutting pattern by adding seam allowances, drill, marks, notches, grain line and nomenclature to the design pattern			
10	Performance Criteria 10: Create lining pattern by adding seam allowances, drill, marks, notches, grain line and nomenclature to the design pattern			
11	Performance Criteria 11: Draw fusing pattern according to product requirement, add grain line and nomenclature			
12	Performance criteria 12: Set various grading angles on required pattern			
13	Performance criteria 13: Grade the pattern according to the size chart or grading rule			
14	Performance criteria 14: Control the grading according to the measurement chart and control the matching of the pattern pieces			
15	Performance Criteria 15: Separate the graded pattern from the prepared pattern			
16	Performance criteria 16: Transfer the required pattern for marker making in CAD software			

17	Performance criteria 17: Set the required fabric width			
18	Performance criteria 18: Mark the pattern according to the required sizes and calculated quantity			
19	Performance Criteria 19: Prepare markers by respecting cutting standards (grain lines) according to the design (matching of garment pieces)			
20	Performance Criteria 20: Compare auto and manual marker to maximize efficiency by minimizing the material waste			
21	Performance Criteria 21: Create a PLT/DXF/AMMA/pdf file and print the pattern			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Each Assessment Task (with Learning Unit)				
Assessment Task 2		Description of assessment task 2 Observe and check that professional standards are maintained throughout operations		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Monitor the use of personal protective equipment and wear appropriate uniform throughout shift by associates			
2	Monitor the extent to which associates maintain a safe, hygienic and secure working environment			
3	Observe and check that associates work effectively as part of a team and communicate efficiently with each other throughout shift			
4	Ensure that associates attend briefing and be aware of daily requirements and other issues			
5	Monitor the extent to which associates check that all equipment is in good working order and check the quality and quantity of material and production			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Assessment Task 3		Description of assessment task 3 Check that operatives are present and manage absence issues for operational areas		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Check the work requirements for the day			
2	Check that the number of associates at work match both the duty rota and work requirements			
3	Adjust the duty rota according to requirements			
4	Tackle the absent associates with appropriate methods			
5	Take appropriate steps to motivate staff to avoid absenteeism			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Assessment Task 4		Description of assessment task 4 Support the head of department		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Discuss and agree on methods and formats of communication with the head of department			
2	Agree with the head of department daily and medium-term areas for delegated responsibilities			
3	Support the head of department in managing work area activities and responsibilities			
4	Ensure that every-day work area requirements of section are signed off by head of department			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Assessment Task 5		Description of assessment task 5 Supervise operatives in work areas		
During the practical assessment, candidate demonstrated the following:		Yes	No	Remarks
1	Ensure that associates are punctual and efficient in carrying out their duties			
2	Communicate instructions and other information clearly to associates			
3	Motivate associates in a timely and efficient manner to complete all their duties			
4	Ensure that all staff are performing at the optimum level when carrying out work area duties			
5	Create a friendly, professional environment which inspires teamwork within work area			
6	Monitor the extent to which quality service is provided			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>		

Portfolio (if any)		Description of portfolio Diary log of practical work		
Current <input type="checkbox"/>	Sufficient <input type="checkbox"/>	Authentic <input type="checkbox"/>	Valid <input type="checkbox"/>	Reliable <input type="checkbox"/>
Portfolio meet the following performance standards:		Yes	No	Remarks
1	Performance criteria 1: Diary log of work completed on developing pattern for leather products using CAD/CAM			
1	Performance criteria 2: Diary log of work completed on monitoring the duties and activities of a team			
Competent <input type="checkbox"/>		Not Yet Competent <input type="checkbox"/>
