Taaleem Foundation
Technical and Vocational Training for Employable Skill

©TVET SSP

INTRODUCTION

The TVET Sector Support Programme promotes an active partnership between technical education and vocational training (TVET) institutes and private sector for imparting industry demand-driven training. The workplace-based training approach provides trained human resource to the employers according to their need, thus, increasing the chances of employments of graduates. The involved enterprises and business industry associations are engaged in selecting relevant qualifications, planning and delivering training, and conducting assessments within the national qualification framework of Pakistan.

The Programme provides technical support to training institutes and enterprises to link theoretical with practical training at the workplace. In this regard, both sides can agree on flexible approaches in training delivery, which meet the demands of the involved enterprises.

OBJECTIVES

Taleem Foundation in the city of Sui, Dera Bhugti is introducing the competency-based training and assessment through Technical & Vocational Training for imparting training on employable skills in occupational courses for Computer Operator, Computer Graphics-Print, Dressmaking and Cotton Picking. The project facilitated 160 trainees with demand-driven skills, in collaboration with the partnering organizations in the region. The projected also supported in exploring and facilitating trainees with the employment (self-employment included) opportunities. The project concluded at the end of August 2019.
