

INTRODUCTION

The TVET Sector Support Programme promotes an active partnership between technical education and vocational training (TVET) institutes and private sector for imparting industry demand-driven training. The workplace-based training approach provides trained human resource to the employers according to their need, thus, increasing the chances of employments of graduates. The involved enterprises and business industry associations are engaged in selecting relevant qualifications, planning and delivering training, and conducting assessments within the national qualification framework of Pakistan.

The Programme provides technical support to training institutes and enterprises to link theoretical with practical training at the workplace. In this regard, both sides can agree on flexible approaches in training delivery, which meet the demands of the involved enterprises.

Institute for Development Studies and Practices

ROUND I

Strengthen the Vocational School and WBT System through CBT&A Approaches

OBJECTIVES

- To develop 60 professionalized human resources (40 men and 20 women) in Balochistan through 6-months competency-based training programmes;
- To create diverse learning opportunities using non-formal pedagogy and practice for youth in Balochistan.
- To establish public-private partnerships for facilitating on-job-trainings and livelihood opportunities for trainees.

ROUND II

Imparting demand-driven workplace-based training in-line with Pakistan's NVQF leading to employability

OBJECTIVES

- To impart hands-on practical training jointly with the partnering enterprise to at least 80 trainees (40 men and 40 women);
- To strengthen the engagement of enterprises and business industry associations (BIAs) in training design, coordination and delivery leading to employment
- To facilitate up to 75% employment;
- To enhance life skills of learners through life skills sessions.
