# Women Technical Training Centre - Quetta Support to Technical and Vocational Education and Training Sector in Pakistan

## INTRODUCTION

The TVET Sector Support Programme promotes an active partnership between technical education and vocational training (TVET) institutes and private sector for imparting industry demand-driven training. The workplace-based training approach provides trained human resource to the employers according to their need, thus, increasing the chances of employments of graduates. The involved enterprises and business industry associations are engaged in selecting relevant qualifications, planning and delivering training, and conducting assessments within the national qualification framework of Pakistan.

The Programme provides technical support to training institutes and enterprises to link theoretical with practical training at the workplace. In this regard, both sides can agree on flexible approaches in training delivery, which meet the demands of the involved enterprises.

## OBJECTIVES

The Cooperative Vocational Training Project is implemented by the Women Technical Training Center in Quetta to train 60 women through Competency-based training in Cook, Office Assistant and Computer Operator occupations according to the demand raised by the partner enterprises. This an effort to enable women to gain economic benefit through employment as-well-as establishment of their own business.
