

Manzil Organization, Balochistan

Promote and strengthen Workplace-based training approaches

OBJECTIVES

The project 'Promote and strengthen Workplace-based training approaches', implemented by Manzil Organization facilitated 380 trainees (180 men and 200 women) through vocational skills training in different demand-driven national qualifications. The trainees also supported the Government of Balochistan in mitigating immediate challenges faced in light of the COVID-19 health crisis. These 380 men and women produced 720 beds and 1440 bedspreads as their workplace training measures. Whereas, the developed material was handed-over to the government of Balochistan in September 2020 for mitigating COVID-19 crisis. The trainees also undertook health and hygiene promotional activities, including awareness activities among rural parents & children.

INTRODUCTION

The TVET Sector Support Programme promotes an active partnership between technical education and vocational training (TVET) institutes and private sector for imparting industry demand-driven training. The workplace-based training approach provides trained human resource to the employers according to their need, thus, increasing the chances of employments of graduates. The involved enterprises and business industry associations are engaged in selecting relevant qualifications, planning and delivering training, and conducting assessments within the national qualification framework of Pakistan.

The Programme provides technical support to training institutes and enterprises to link theoretical with practical training at the workplace. In this regard, both sides can agree on flexible approaches in training delivery, which meet the demands of the involved enterprises.
