

Azat Foundation

Gearing Up Local Employability Through Hunarmand Centre

OBJECTIVES

This project provided vocational skills training to 200 trainees (120 men and 80 women) leading to employment. The foundation established market linkages for enhancing access of CBT trainees to the world of work for ensuring employment of up to 75% trainees graduates.

INTRODUCTION

The TVET Sector Support Programme promotes an active partnership between technical education and vocational training (TVET) institutes and private sector for imparting industry demand-driven training. The workplace-based training approach provides trained human resource to the employers according to their need, thus, increasing the chances of employments of graduates. The involved enterprises and business industry associations are engaged in selecting relevant qualifications, planning and delivering training, and conducting assessments within the national qualification framework of Pakistan.

The Programme provides technical support to training institutes and enterprises to link theoretical with practical training at the workplace. In this regard, both sides can agree on flexible approaches in training delivery, which meet the demands of the involved enterprises.
