INTRODUCTION

The TVET Sector Support Programme promotes an active partnership between technical education and vocational training (TVET) institutes and private sector for imparting industry demand-driven training. The workplace-based training approach provides trained human resource to the employers according to their need, thus, increasing the chances of employments of graduates. The involved enterprises and business industry associations are engaged in selecting relevant qualifications, planning and delivering training, and conducting assessments within the national qualification framework of Pakistan.

The Programme provides technical support to training institutes and enterprises to link theoretical with practical training at the workplace. In this regard, both sides can agree on flexible approaches in training delivery, which meet the demands of the involved enterprises.

Aman Institute for Vocational Training

ROUND I

SINDH SKILLS DEVELOPMENT PROGRAMME

OBJECTIVES

- To introduce workplace-based training (including 80% simulation based) approach in selected national vocational qualifications
- To strengthen the engagement of private sector organization, thus the engagement of enterprises in training design, coordination and delivery is enhanced;
- To ensure provision of demand-driven skills to 150 men, in collaboration with the partnering enterprises, and explore & facilitate them with the employment (self-employment included) opportunities.

ROUND II

DEVELOPMENT THROUGH SKILLS PROJECT

OBJECTIVES

- To impart workplace-based training to 1,345 trainees (920 men and 425 women) jointly with the partnering enterprises using cooperative vocational training approach for demand driven trades;
- To ensure competency-based training delivery and assessments in line with Sindh Sector Study.
