# SKILLS FOR EMPLOYMENT IN READYMADE GARMENT INDUSTRY

## OBJECTIVES

The project delivered demand-driven skills to 300 trainees (110 women and 190 men) in collaboration with the partnering enterprises. It also involved private sector's participation in training design, coordination and delivery.

## INTRODUCTION

The TVET Sector Support Programme promotes an active partnership between technical education and vocational training (TVET) institutes and private sector for imparting industry demand-driven training. The workplace-based training approach provides trained human resource to the employers according to their need, thus, increasing the chances of employments of graduates. The involved enterprises and business industry associations are engaged in selecting relevant qualifications, planning and delivering training, and conducting assessments within the national qualification framework of Pakistan.

The Programme provides technical support to training institutes and enterprises to link theoretical with practical training at the workplace. In this regard, both sides can agree on flexible approaches in training delivery, which meet the demands of the involved enterprises.
